IN OUR 79th YEAR

Murray, Ky., Friday Afternoon, July 11, 1958

MURRAY POPULATION 10,100

Vol. LXXXIX No. 164

Seen & Heard Around Murray

M. L. Parker of Murray Route two has been a reader of the Ledger and Times for forty years. He just mailed in his subscription again.

Nix Crawford has already started working on the old city hall, which he and Dr. Crawford, and Mrs. Crawford purchased.

Western Auto, Nix's business, will move into the new location as soon as it is ready to occupy.

Our sympathy to Mr. and Mrs. Paul Perdue whose nine months old son Gary was burned with hot grease this past Tuesday. Fortunately he will come out without any scars.

The fat man that weighed 1,041 pounds died.

He had a 122 inch waist line and the measurement around his upper arm was 40 inches. In other words his upper arm was bigger than most folks' waist.

There is a change in the shoplifting law which will be of interest to any shoplifters hereabouts.

A shoplifter can now be arrested on the spot, inside the store. The old law stated that arrest had to be made after the person left the store.

Also a person suspected of shoplifting may be arrested and detained "in a reasonable manner for a reasonable length of time."

The moral to that story is don't shoplift.

Bill Barker and his crew out on South 13th setting some poles that reach from here to yonder. They took down the old three wire arrangement and put in one new one where all three are twisted together. The street light was also moved a short distance to make it more equidistant between the ones on each side of it.

Bro. Paul Matthews, new minister of the Seventh and Poplar Church of Christ is an ardent horseman.

His church at Sparta, Tennessee gave him a going away gift of a new saddle.

We were sorry to hear of the death of Mr. Jeff Farris. His ability as a craftsman was well known. He could make almost anything out of metal and had a natural ability to do almost anything with his hands.

It is a pity that this great talent could not be passed on to someone.

West Fork Will Hold Revival

A revival meeting will begin Sunday, July 13 at the West Fork Baptist Church and will continue through the following Sunday. Services will be held at 2:30 and 7:45 each day with Bro. H. D. Knight of Mayfield as the visiting evangelist.

The pastor, John J. Gough, invites the public to attend this revival.

WEATHER REPORT

SLOW DOWN
and Live

By United Press International
Southwest Kentucky — Partly cloudy, warm and humid with widely scattered, mostly afternoon and evening thundershowers today, tonight and Saturday. High today 92, low tonight 73.

Temperatures at 5:30 a.m. were: Bowling Green 72, Paducah 74, Covington 68, Hopkinsville 74, Louisville 67, Lexington 67 and London 74.
Evansville, Ind., 76.

Tito Accused By Khrushchev Of Selling Out To U.S. Dollars

By JOSEPH B. FLEMING

United Press International

BERLIN (UPI) — Soviet Premier Nikita Khrushchev said today that the Cominform denunciation of Yugoslavia in 1948 was correct, and that President Tito still had not corrected the errors which led to his expulsion from the Communist organization.

In an address to the East German Communist Party congress Khrushchev accused Tito of leading a slanderous campaign against the Soviet Union and the Soviet bloc.

He said Yugoslavia had sold out socialism—the Soviet term for Communism—for American

"aims" and that Yugoslavia received 100 million dollars from the United States for reviving its slanderous attacks on Russia.

"The Americans do not give out money for nothing," Khrushchev said. "You have to sell your soul to get it." He said Yugoslavia is "shamefully concealing the fact that it has received other American aims."

No New Break
Khrushchev said the Soviet Union had never said Tito was right in his battle with the Cominform. When he went to Belgrade to reach a reconciliation with Tito in 1955, he said, Tito was informed of this.

But Khrushchev said the Cominform erred in demanding a change in the leadership of the Yugoslav government. It did not err in criticizing the Yugoslav leaders, he said.

Despite his severe criticism of Tito and Yugoslavia, Khrushchev said flatly the Soviet bloc was not continuing or reviving the 1948 campaign against Yugoslavia.

This appeared to mean the Soviet bloc would not break with Yugoslavia as it did in 1948 when Josef Stalin expelled Tito from the Cominform, the now-dissolved Communist International.

"In 1948 we both made mistakes," Khrushchev said, "but we have admitted our mistakes. The Yugoslav leaders conceal their mistakes. They do not have the courage to admit them."

Khrushchev made these other points in his speech:

—If war breaks out West Germany will be attacked by medium range rockets. He said Chancellor Konrad Adenauer justifies his demands for rocket bases with the argument Russia has intercontinental missiles but CBMS would not be used against West Germany.

—The Western powers unleashed "provocative hysteria" over the execution of Imre Nagy to cover up aggression in Hungary.

—The J. H. Churchill Funeral Home is in charge of the arrangements.

Burning Object Is Sought At Louisville

LOUISVILLE (UPI) — Police in several north-central counties searched today for a mysterious "burning" object seen streaking to earth Thursday night.

One observer said it apparently struck the earth somewhere in southern Jefferson County but others said it, or a similar object, was spotted some minutes later going in the opposite direction.

Richard Henderson, assistant controller at Standfield Field, in southern Louisville, said that it seemed only a few hundred feet away when he saw it coming almost straight down.

"It was about the size of a basketball and glowing yellow and orange. It was definitely some kind of burning matter," Henderson said.

He added that it appeared to be followed by a puff of smoke after it disappeared from his view behind some trees.

"It me, it looked larger than any falling meteor I've ever seen," he said.

Police searched the area Thursday night and again today on the chance it might have been a meteor but found nothing.

"Maybe it was some of those little green men," a police sergeant said.

To control lower operator at Bowman Field, in eastern Louisville, the object appeared to be a very bright meteor, falling rapidly. The operator grabbed a pair of binoculars, but the object had disappeared, leaving only a smoke trail.

M. W. Collins, Irvington, some 45 miles west of here, said he saw a glowing object trailing smoke heading in a northeast direction at 7:55 p.m. He said his wife saw a similar object 25 minutes later, traveling from east to west.

Many persons at Louisville seeing the fiery object called newspapers, radio stations and the weather bureau.

FREE KITTENS

Mrs. S. V. Foy of 1403 Sycamore Street, has four kittens right as was stated in yesterday's Ledger & Times.

By JOSEPH B. FLEMING

United Press International

BERLIN (UPI) — Soviet Premier Nikita Khrushchev said today that the Cominform denunciation of Yugoslavia in 1948 was correct, and that President Tito still had not corrected the errors which led to his expulsion from the Communist organization.

In an address to the East German Communist Party congress Khrushchev accused Tito of leading a slanderous campaign against the Soviet Union and the Soviet bloc.

He said Yugoslavia had sold out socialism—the Soviet term for Communism—for American

"aims" and that Yugoslavia received 100 million dollars from the United States for reviving its slanderous attacks on Russia.

MEASLES VICTIM COULDN'T GET INTO HOSPITAL. Robert E. Hughes, 32, of Emden, Missouri, was seriously ill this week with the measles in Bremen, Indiana, but he was unable to enter the hospital because of his size. He became ill while working with a carnival in North Vernon, Indiana. Doctors treated him but he died because of a heart condition. He weighed 1,065 pounds. (Central Press)

World's Fattest Man Funeral Is Saturday

By JOSEPH B. FLEMING

United Press International

MOUNT STERLING, Illinois (UPI) — The world's fattest man, Robert Hughes, 32, who weighed more than half a ton, will be buried Saturday in a specially constructed casket.

Hughes died Thursday in his private trailer parked outside a Bremen, Ind., hospital. He was too huge to fit inside the hospital.

Hughes, who weighed about 1,041 pounds at death, was stricken with the measles while touring Indiana with the Gooding Brothers Amusement Corporation.

Hughes supported his bulk on a six-foot frame. At his peak, he weighed 1,065 pounds, measured 122 inches around the waist and had 40-inch biceps.

Medical sources said he was believed to be the fattest human being in recorded history.

A native of Kenton, Mo., Hughes was born a normal baby but a stage of whooping cough when he was six months old ruptured his thyroid gland and he began gaining weight at a rapid pace.

Hughes quit school in the seventh grade because his weight of 550 pounds made it difficult for him to get around. At 18 he was registered for the draft and weighed 609 pounds. At 20 he weighed 710 pounds.

He spent most of his time in bed because his weight made it a struggle for him to get on his feet and take more than a few steps at a time.

Fulton Votes Big Bond Issue

SOUTH FULTON (UPI) — Citizens voted approval Thursday for a \$200,000 bond issue to pay for the construction of a plant here for the Henry I. Siegel Co., a garment manufacturer.

There were 361 votes in favor of the bond issue and five opposed. A three-fourths majority of the 370 voting was necessary for the bond issue to pass.

Local People Join Angus Group

Joe H. and Lucille Thornton of Murray, have been elected to membership in the American Angus Association at St. Joseph, Missouri, announces Frank Richards, secretary.

This membership was one of the 10 granted to purebred Aberdeen Angus breeders in Kentucky during the past month.

Picture Of Local People In Magazine

A picture of Ronald Churchill presenting the "Man of the Year" award to Verne Kyle, appeared in the July issue of Kentucky Business, official publication of the Kentucky Chamber of Commerce.

Churchill is president of the Murray Chamber of Commerce and the presentation was made at the annual meeting.

Kyle is general manager of the Murray Manufacturing Co., and is president of the Murray Country Club.

Showers Expected To Improve Fishing

FRANKFORT (UPI) — Scattered showers today over most of Kentucky are expected to improve weekend fishing in the state's lakes and rivers.

The state Department of Fish and Wildlife Resources said bass fishing is expected to be particularly good at Dale Hollow, and the crappie are biting at Lake Cumberland.

White perch, crappie and black bass are touted as the best bets at Herrington Lake. Still fishermen are getting the crappie and perch, while the blacks are being caught on flies.

Bluegill are practically jumping into the boats at Dewey Lake although the water is rising and the upper sections are muddy.

Crappie catches have been fair in the lower section and some bass are being picked up by casting and fly fishing.

At Kentucky Lake, casting spinning at night in some sections have been producing heavy strings of white bass. Others are being taken by trolling during daylight hours. Blacks are mostly caught by casting both surface and deep-running lures off the points and muddy banks.

Cats, stripers, and drum still are being caught below the dam.

Crappie have been rampaging for the past two or three weeks at Lake Cumberland, with a number of limit catches reported. The bigger ones are being caught by fishing deep.

Schoolfield Is Convicted

NASHVILLE, Tenn. (UPI) — The state Senate voted 24-7 today to remove Judge Raulston Schoolfield, colorful and controversial Chattanooga jurist, from office permanently.

Schoolfield, 52, was convicted of accepting a new auto with funds contributed by persons who had cases in his court. It was the eighth of 22 impeachment charges leveled against the judge.

It took 22 votes to convict the jurist.

Activity Slow In Police Department

Little activity has been reported by city and county police over the past day or two.

City police report one drunk yesterday afternoon and county police report no activity.

The county lockup while painting is being done in the new city jail.

SEEN WITH NAKED EYE
BOCHUM, Germany (UPI) — Russia's Sputnik III now can be seen with the naked eye in Germany during good weather, the Bochum Observatory said today.

George Baker Leaves TVA For Similar Post In Iran

The following article appeared in the Chattanooga Times in the July 4 issue and concerns George M. Baker who has many friends in this area.

He was with the TVA and became well known in Murray and Calhoun County during the time that he spent in Murray.

The article follows:

George M. Baker announced Thursday, he will retire from the TVA July 14 to become associate chief representative for the Development and Resources Corp. of New York City in Khuzestan Province of Iran.

His principal duties will involve land acquisition, public relations and work as an information officer in addition to general supervisory responsibilities. Baker said his work will require from two to four years.

Baker joined the TVA in July, 1954, as a land buyer. Later he was project manager in the land departments for the Pecos and Kentucky Lake reservoirs land acquisition.

Got Present Job In '44
He was promoted to his present job as chief of the TVA land branch in 1944, and has resided in Chattanooga since 1949. A native of Wewoka, Okla., Baker was in the real estate and oil business before becoming right-of-way agent for the state of Oklahoma. He came to TVA from that post.

Baker was educated at the University of Oklahoma. He is a member of the Episcopal church and since residing in Chattanooga has been active in the Little Theater.

The development and resources organization which Baker is joining is headed by David E. Lilienthal and Gordon R. Clapp, former chairman of the TVA board, and John Oliver, a former general manager of TVA. The corporation is undertaking an extensive resource development program on behalf of the Iranian government.

The program can best be visualized as being one that is similar to that of TVA in the early stages of its development," Baker explained. "It involves the construction of dams and hydroelectric projects, the development of agriculture and irrigation, sugar plantations and refineries chemical and fertilizer plants and a myriad of other regional development activities."

"I had occasion to visit Iran in January of this year to inspect the area and conduct a preliminary investigation. I was very favorably impressed with the people of Iran and I look forward to association with them in the plans to develop the full resources of their country."

Baker said that he will leave from New York City for Iran on July 21. He will be stationed in Awaz in southern Iran near the Persian Gulf and the Tigris and Euphrates rivers. Awaz is the capital of the Khuzestan Province and is 60 miles from the city of Abadan, which is the petroleum center of Iran where perhaps the largest oil refineries in the world are located.

"My work will often require me to be in Teheran, the capital city of Iran," Baker explained. "The climate in Teheran is very similar to that of Chattanooga, but Awaz, 700 miles to the south, is very hot and humid."

Much progress has been made in the way of weather control, he told the Rotary Club, however, the future promises much more progress which many members of the club would like to see.

Dr. Fife was introduced by Dr. Walter Blackburn, co-sponsor of the Science Institute, Blackburn was a guest of Bobby Garrison who was in charge of the program yesterday.

Martin's Chapel To Begin Revival

The annual summer revival of the Martin's Chapel Methodist Church will begin Sunday night, July 13, and continue through Friday night, July 18. Services will be held each night at 7:45.

R. L. Dodson, of the Hardin Circuit will be the visiting evangelist. Louis Joiner and the congregation extends to one and all a cordial invitation to attend.

BOMB SCARE IN DENVER—Officials of the CAA and employees of United Air Lines scurry around unloading baggage from United flight 725 in Denver following a bomb threat received in Chicago. The plane was flying from Chicago to Portland, Ore. No bomb was found and the plane continued its flight with its 29 passengers and crew of five.

I keep under my body and bring it into
subjection. I Cor. 9:27.
We must live as God's children, not as
animals.

TIME FOR VISIT

PRESIDENT Eisenhower and Prime Minister John G.
Diefenbaker of Canada are engaged in a series of
conversations in Ottawa in an effort to reverse the growing
anti-United States feeling in Canada which resulted
in the ousting of a friendly government several months
ago.

We are sincerely glad Mr. Eisenhower decided to
make the trip to Ottawa rather than send Vice-President
Nixon as he did to several South American Republics
this spring with such unpleasant results. We are glad
he left Sherman Adams at home.

We don't believe feeling in Canada against us is as
bad as it is in South America, but it is bad enough, and
getting worse all the time, and it is our honest opinion
President Eisenhower is going to learn on this trip that
"Canadians are people," too, and adults at that.

Republicans have traditionally been unable to get
along with other folks. We have enjoyed our greatest
prosperity materially under Republican administrations,
but we have done so at the expense of our best friends.

For some reason the Republican Party has always
insisted on selling out surplus to others, and refusing
to buy theirs. Discovery of oil, manganese, zinc, or any
other resource in Canada should prove a blessing to the
public in the United States, but for some reason the Re-
publican Administration apparently feels the good fortune
of our neighbors should be shared only with the
owners of industry.

For generations imports have been controlled by
tariffs, and the two-party political system in the United
States is based on tariff rates as the Number One issue.
Until the Eisenhower Administration replaced the New
Deal and Fair Deal in 1953 there hadn't been a ripple
on the smooth relations between this country and Cana-
da, but these relations have deteriorated seriously in
the last two or three years while John Foster Dulles
has spent most of his time in the Near East. He hasn't
even been to Canada in five years.

Much has been said about the Eisenhower-Dulles
"agonizing re-appraisal" of our relations with the so-
viet Union in recent years. It is time to do some "agoniz-
ing" over our rapidly deteriorating relations with our
neighbors. And in making a new appraisal of relations
with other American nations our leaders can learn a
great deal about how to treat neighbors from the great
Tennesseean - Cordell Hull.

WIREAPPING THREAT

A year or so ago many of us deplored a Supreme Court
which barred evidence secured by the F.B.I. through
wiretapping methods as competent in courts of justice.
We are inclined to reconsider in view of the same
sort of tactics employed by an employee of the Congress
of the United States in getting information on which to
convict, or at least to ensnare, millionaire manufacturer
Bernard Goldfine of Boston.

The man responsible for placing a microphone in
the hotel suite of Mr. Goldfine's private secretary has
resigned under fire, but is that enough punishment to
impose for this sort of Gestapo methods in this free
country?

And besides, important and valuable papers were
stolen from the secretary's room and have not been ac-
counted for. If Baron I. Shacklett, a trusted investigator
for the House subcommittee searching into Mr. Gold-
fine's liberal bestowing gifts on government officials,
can find the papers, he will be responsible for their loss he

has certainly already confessed to enough for the public
to suspicion him of guilt.

Most newspapers throughout the country demanded
the immediate resignation of Sherman Adams, presi-
dential assistant, when the committee revealed he was
guilty of "imprudence" in accepting gifts from his per-
sonal friend of many years standing, but in the light of
the exposure of the subcommittee's methods in securing
information, we are inclined to revise our original opin-
ion about Mr. Adams and consider that he may be, after
all, the victim of a cruel political conspiracy in this elec-
tion year.

During the administration of former President Harry
Truman there was really a "mess in Washington." It is
perfectly natural that those who were turned out of
office in 1953 would want to make it appear the present
administration is just as crooked as those involved in
the deep freeze and mink scandals, to say nothing of
the five percenters.

As matters stand it may be a good idea for Congress
to call off the dogs on Goldfine and select a new victim.
No matter what they say about him now the public will
consider the "kettle as black as the pot."

We can tolerate lots of injustice in this country, and
we can put up with lots of corruption in high places,
but we can't endure even the thought of someone knock-
ing on our door at midnight and spiriting us away on
evidence secured from tapping a telephone wire on
which we pay monthly tolls.

And for the Congress of the United States to be
guilty of wiretapping, or even one of its employees to
be caught in the act, is beyond our comprehension. Let's
put a stop to that sort of thing at the very beginning.

Ten Years Ago Today

Ledger & Times File

Miss Lottie Kendall, Murray Hospital nursing staff,
is spending her vacation with relatives in Springfield,
Tennessee.

Mr. and Mrs. Paul Perdue and children spent last
week end with her parents, Mr. and Mrs. Enis Menton.
The funeral of Jack Spain who died Saturday in
Henry County, Tenn., near Crossland, was held Sunday
afternoon at Oak Grove.

Mrs. Myrtle Steele, Mrs. Mabel Stom and daughter
visited Mrs. Annie Harmon Wednesday afternoon.
Mr. and Mrs. Hugh Adams of St. Louis, and Walter
and Connie Adams were Sunday afternoon callers of
Mr. and Mrs. George Linville.

Women Own Half Of The Stocks

NEW YORK (UPI) — Women
own half of the stock outstanding
in this nation and each day more
of them become potential in-
vestors through inheritance or
insurance left by their husbands.
Many of them lack training
in market procedure and often
lose a large part of their money
that should have provided for
their future.

Mrs. Morton Seidel, of Beverly
Hills, Calif., wife of an invest-
ment banker, gives women some
advice on this subject in the
current commercial and financial
chronicle.

She decries the "free advice"
given women by novices in in-
vestment. "The layman in the
field of investment is an offender,"
she says. "A person who has no
knowledge or experience or has
not had the opportunity to study
problems, techniques, or methods
of investing is not a person from
whom to take advice."

Invest With Care
Women should invest with care,
says Mrs. Seidel. "We should
read more books, articles, reports
written by financial men and
hear reliable, well-informed
speakers. We should study and
above all learn to read a balance
sheet."

And what about checking up
on one's investment adviser? The
women, Mrs. Seidel says, should
investigate his moral and finan-
cial standing, his reputation,
background, and his interest in
his clients.

You'll throw your money away
if you accept tips on nothing
better than rumor, she explains.
And a woman shouldn't be
angry with the counselor who
tells her, "don't buy."

She explains that investments
must be made to suit the in-
dividual. What is good for one
may not be good for another
—another, perhaps, with plenty
of money to take chances.

Good Investment Criterion
What is the criterion of a good
investment? It is one the coun-
selor can describe: "This is as
safe as any good security can
be." Here's why:

"1. It has conscientious, reliable
well-trained men at its head."
"2. It has paid its dividends
without interruption for years."
"3. It is a type of business
which does not fluctuate from
prime to pauper."

Mrs. Seidel insists women must
buddy while he is still alive," says
familiarize themselves with the

Nino Valdes
Sets Up Cry
For Title Bout

Nino Valdes

SPOKANE, Wash. (UPI) — Towering Nino Valdes, fresh from a TKO victory over Harold Carter, pointed his cannons at Floyd Patterson today and set up a cry for a heavyweight title shot.

Valdes ended Wednesday night's nationally televised battle at 1:45 of the ninth round by battering the helpless Carter about the ring, flooring him twice.

The Cuban told reporters he won the fight for his four-month-old son and added, "Next I want Patterson."

Bobby Gleason, manager of the 16-pound Valdes, said Nino would fight "any heavyweight in the world and the winner gets a crack at the champ."

The victory was the 10th for Valdes in his last 11 fights and his fourth in a row.

For Carter, the defeat was his fourth in 27 starts. It put a halt to his comeback drive which started last month when he outpointed Willie Beaman after ending a 17-month tour of Army duty.

The Carter camp said Harold "needed a little more training and some conditioning fights before he goes after the ranked fighters again."

Valdes had Carter on the verge of a knockout in the second round, staggering him with round-house blows at least three times. But Carter came back in the fourth with a pressing attack and was in command through the eighth round.

CARDS BEEF UP PITCHING

ST. LOUIS (UPI) — The St. Louis Cardinals beefed up their pitching staff Wednesday by purchasing southpaw Chuck Stobbs from the Washington Senators.

Bringing up right-hander Bob Mabe from Omaha of the American Association and optioning right-hander Billy Muffet to the Omaha farm club, Stobbs had a 2-6 record at Washington, and Mabe was 6-1 for Omaha.

SOVIET GYMNASIUM WIN

MOSCOW (UPI) — The Soviet Union reigned supreme in gymnastics today after sweeping the individual and team events in the world championships. The Russian squad captured top honors in the men's and women's divisions with ease. The United States, with no representation in the women's event, finished seventh in the men's team standings Wednesday.

BEGINNER'S LUCK

SPRINGFIELD, Ill. (UPI) — Mike Gibbons, 38, shot a hole-in-one Thursday while playing his first round of golf.

Braves And Orioles Win
Easily In Park League

The Park League had two one-sided affairs yesterday as the Braves walloped the Pirates, 14-1, as David Turhune won his fourth pitching victory and the Orioles clubbed the Indians 18-2 behind the two-hit pitching of Kenneth Rose.

Turhune gave up only two hits, struck out six and walked one. Bobby Gleason, said Nino would fight "any heavyweight in the world and the winner gets a crack at the champ."

The victory was the 10th for Valdes in his last 11 fights and his fourth in a row.

For Carter, the defeat was his fourth in 27 starts. It put a halt to his comeback drive which started last month when he outpointed Willie Beaman after ending a 17-month tour of Army duty.

The Carter camp said Harold "needed a little more training and some conditioning fights before he goes after the ranked fighters again."

Valdes had Carter on the verge of a knockout in the second round, staggering him with round-house blows at least three times. But Carter came back in the fourth with a pressing attack and was in command through the eighth round.

KENNETH ROSE (Orioles) ... 2 1 .666
TONY WASHER (Cubs) ... 1 1 .500

Early Wynn, the veteran curve baller from the White Sox, received official credit for the victory because after a one-inning stint he was the pitcher of record as the Americans went ahead.

But the Digger took it from there and was flawless for those last three innings after Stengel told him:

"Throw hard. Give it all you've got."

Not Biggest Thrill
It was plenty. The five-foot, 11-inch 180 pounder mixed in a few sliders. But most of the time he just reared back and fired that flaming fast ball which swept him into the major leagues in a Baltimore Oriole uniform without ever serving time in the minors.

"After it was over, he sat on a 'rubbing table' just a little bit bewildered by it all.

"It was fine to win before the home folks," he said. "But honestly, this wasn't even my greatest baseball thrill."

What was, then?
"Well," he said slowly, rubbing a hand over his blond crew cut, "I guess my biggest thrill was

appearing in a major league game for the first time."

What was such a big thrill about that one?
"Honestly," he grinned, "I can't even remember."

But, while he had "too many butterflies" to recall much of anything about that first major league game, in this last one the former Clemson College star performed with the ease and confidence of a veteran even though he was making his All-Star debut and the home folks were looking on.

Credie Others
And he took the time to give credit where credit was due—to Baltimore Manager Paul Richards, long a wizard with young pitchers, and coach Harry (The Cat) Brecheen, once quite a southpaw himself when he was with the St. Louis Cardinals.

"They both have been patient and untiring," he said gratefully. Billy, the son of a farmer, long ago proved to both of them that he had the tools of pitching greatness.

Signed out of Clemson in 1954, he went into the Army and returned in the latter part of 1956. He was kept with the Orioles and finally seems to have found himself this season despite a record of only eight wins against nine losses.

But Stan Musial, the big Cuban in the rival league, summed it up as far as Tuesday was concerned when he grinned ruefully:

"It's hard to see how they ever hit him."

They didn't over those last three big innings and that was the final story of the All-Star Game.

EAGLES SIGN TWO
PHILADELPHIA (UPI) — The Philadelphia Eagles Thursday announced the receipt of signed contracts from fullback-end Dick Bielecki and defensive end Tom Scott. Bielecki will be starting his fourth season in the National Football League, and Scott his sixth.

NEW YORK (UPI) — Fearless Frankie's reflections on sports in general:

Frankie Carbo, the way I hear it, isn't the gangland big shot he's supposed to be and possibly is the "front" for boxing's real "Mr. Big."

Will Chamberlain wears a size 13½ shoe, which calls for more leather than there is in a basketball.

"They call Pittsburgh's Bill Mazeroski 'no touch' because of the speed with which he gets rid of the ball.

I'd rather see a real flying mare than be on the receiving end of a step-over toe-hold.

"Did you ever wonder whether Marc Anthony took Cleopatra's markers when they attended the Saluki races?

Slambo Sneed has the prettiest golf swing I ever saw.

Fearless vs. The Ladies
If you aren't born to the wicket learning the rules just ain't cricket.

The lady PGA members are teed off at old Fearless cuz I said they need more femininity—which they do.

What's more, several of them admit it, too.

I figure that people who would hunt a poor little old rabbit would shoot fish in a barrel.

Chinese monks of the pre-Christian era invented jiu jitsu to protect themselves against brigands.

TODAY'S SPORT
SHORTS

SILKY MAY MISS RACE

INGLEWOOD, Calif. (UPI) — A cough and slight fever appeared likely Thursday to keep Silky Sullivan from entering the \$100,000 added Westerner at Hollywood Park July 19. Trainer Reggie Cornell called Silky a "doubtful starter" in the Westerner, although the horses haven't been declared out of the race as of Thursday.

WINS RICH STAKES

PAWTUCKET, R.I. (UPI) — Bonerist Farm's Backbones, one of New England's most successful racers, today trotted among the nation's best three-year olds after winning the rich Providence Stakes at Narragansett Park.

Backbone swept to a relatively easy half-length victory in Wednesday's race, boosting his 1958 earnings to \$122,404.

U. S. BOXERS SPLIT

NAPLES, Italy (UPI) — Italian European champion Duilio Loi beat Charlie Douglas of New York Monday night on points in a 10-round middleweight bout. On the same card, Teddy Wright of Detroit beat Kattany of Algiers by a knockout in the first round of a scheduled 10-round welterweight bout.

SIGN AGREEMENT

SPRINGFIELD, Mass. (UPI) — The New York Rangers and the Springfield Indians hockey clubs Monday signed a one-year working agreement. It will allow the National Hockey League Rangers to assign players and a coach to Springfield, an American Hockey League team.

NEW YORK (UPI) — An underworld "Mr. Big" may be handed the next indictment in District Attorney Frank Hogan's heavily-cracked-on-prosecution boxing.

Reports that a prominent underworld figure was next on Hogan's list circulated Thursday after the district attorney indicted matchmaker Jimmy White on charges of conspiring to "fix" a fight and of being a "front man" for Frankie Carbo, tagged "the No. 1 boxing racketeer in the country by Hogan's office."

It was the second indictment handed down by a grand jury investigating racketeering and corruption in boxing. Fight manager Rymie Walshman was accused last week of bribing boxing judge Bert Grant to influence his decisions.

Walshman has been ordered to appear for a hearing on the bribery charges July 17.

White, whose real name is Samuel Crossner, was charged with trying to fix a welterweight elimination bout between Virgil Akins and Isaac Logart at Madison Square Garden last March 21. He also was accused of acting as the undercover, unlicensed manager of Logart in that bout.

Logart, a 2-1 favorite, was knocked out by Akins in the sixth round of the scheduled 12-round fight.

If convicted as charged, White, who has served as a matchmaker in Miami, Scranton, Pa., and Denver, can be sentenced to two years in jail and fined \$1,000.

IN CRACKDOWN — Launching a major crackdown on the New York underworld, the government arrested reputed racketeer chief Vito Genovese (above, after his arrest) for allegedly violating the federal narcotics laws. U. S. Attorney Paul W. Williams said the crackdown "could easily drive the Mafia out of the narcotics business."

Today's Sport Parade

GIANTS CRUSH
Braves 19-4
Yesterday

The Giants crushed the Braves 19-4 and the Pirates outlasted the Tigers 10-5 last night in Prep League play.

Vernon Stubblefield gave up only four hits and struck out five as his Giant teammates gave him a 13-0 lead in the first three innings.

David Sykes pounded a double and a single in taking top honors in the Giant hitting attack. Billy Cloyd also added two singles.

Jerry Shrodt and Sammy Parker laced out two singles each for the Braves.

The Tigers led the Pirates for three innings but the Pirates exploded for three runs in the fourth and four in the fifth to take the victory.

Buddy Farris was the top hit producer with three singles while Ronnie Jackson accounted for two one-base blows.

Jerry Rose hammered out a double and a single for the Tigers with Roy Roberts getting two singles.

Junior Ferguson was the winning pitcher with eight strikeouts and eight walks.

Woman's World

Miss Parnell To Wed Norman Bruce Cain In Charlotte, N. C.

Mr. and Mrs. Roy Parnell, 2929 Providence Road, Charlotte, N. C., announce the approaching marriage of their daughter, Mary Jane Parnell, to Norman Bruce Cain, son of Mr. and Mrs. Auburn Bruce Cain.

The wedding, set for July 25, will be held in the Myers Park Baptist Church in Charlotte. The Rev. Emory W. Trainham, Jr., will perform the ceremony. Music will be furnished by Mrs. Ralph H. Short, organist.

The bride will be given in marriage by her father. Her attendants are Mrs. Warner Leander Hall, Jr., Lake Leno, N. H.; Barbara Nell Rogers and Mrs. Roy Stuart Smith, Jr., of Charlotte; Janie Elizabeth Ballard, Alexander City, Ala., cousin of the bride; and Barbara Jean Savage, Detroit, cousin of the groom.

Kay Christian, Tuscaloosa, Ala., and Robert Henry Ballard, Birmingham, both cousins of the bride, will be flower girl and ring bearer.

Franklin Street of Murray will be Mr. Cain's best man. Ushers include Robert Carlisle Parnell, brother of the bride; Warren Martin, Cairo, Ill., cousin of the bride; Roy Stuart Smith, Jr., and James R. Parnell of Charlotte, cousins of the bride.

A reception will be given by the Parnells at the Myers Park Club following the ceremony.

Methodist Morning Circle Meets In Glenn Doran Home

The Morning Circle of the First Methodist Church met Tuesday morning, July 8, in the home of Mrs. Glenn Doran at 930 Mrs. Charles Mazon Baker, president, presided.

The program chairman, Mrs. H. G. Dunn, introduced the speaker, Mrs. Matt Sparhawk, who took her lesson from a chapter in Mark. The devotion was given by Mrs. Nat Ryan Hughes.

Coffee and doughnuts were served to Mesdames Hughes, Baker, Sparkman, Dunn, A. W. Simmons, Phil Lyles, Verne Kyle, N. B. Ellis, Ray Munday, E. A. Tucker, Olin Moore, C. C. Lowry, J. C. Winter, J. E. Wilson, Glenn Doran, Jack Bailey and two guests, Mrs. Myers and Mrs. N. P. Christopher.

Mr. and Mrs. Charles Whitnell and Frances Whitnell and Kay Gray are on vacation in Texas and New Orleans. They will return this week.

Fenneman Gets Bum's TV Program

By FRED DANZIG

United Press International

NEW YORK (UPI) — Foot

Fenneman.

ABC-TV threw something called "Anybody Can Play" to the quiz wizzes Sunday night and I felt especially sorry for emcee George Fenneman. Surely, after years of "proper and patient service as Groucho Marx" announcer and straight man on "You Bet Your Life," he deserved a much better format for his own quiz show.

This show is a low-budget operation with a low-brain aim. It has a skimpy set and seems to buy an audience without offering much in the way of entertainment. Much is made of the fact that the home viewer

— you out there in television land — can win \$10,000, or a new car, kitchen, swimming pool, or trip to Disneyland. All you have to do is guess the order of finish for four studio contestants who will answer five questions for five weeks. Also guess their ages and weights. Now, there's a twist.

The studio contestants also win money after five weeks on the show, without guessing anyone's age. The one who finishes in first place by answering the most questions, at 10 points each, collects \$5,000. Last place is worth \$1,000. Just think: a contestant can win \$10,000 for the entire five weeks and still win \$1,000, provided he's not electrocuted by the elaborate switchboard that he controls.

Has Boy Star

"Buckskin," a new filmed series, brought along some familiar, sure-fire gimmicks when it replaced the live Ernie Ford show on NBC-TV last Thursday.

Gimmick number one — "Everybody loves kid actors who pout" — remember Jackie Cooper? — so they've got Tommy Nolan, a 10-year-old professional pouter, working in nicely with gimmick number two — a Western background, namely Buckskin, Monty, a rugged frontier town of the 1880's.

Gimmick number three is the lead widowed mom, played by Sallie Brophy. She's the pretty owner of a saloon, thereby assuring viewers of a steady influx of interesting characters for the rest of the summer. Add to Tommy's pout and mom's smile the crackle-barrel banter of old "Doc," a local philosopher, and you can see why this show is going to stick around.

Farm News and Other Items of Interest to Our Readers in the Rural Areas and Communities of Calloway County

Cost Sharing Now Available For Renovation Of Pastures

Cost-sharing for conservation practices for use of liming materials, rock phosphate, and pasture renovation is available now, Mr. Goodwin, Chairman of the local ASC Committee announced today. Particular emphasis is given at this time of the year to those practices which may be performed during the summer and early fall. Cost-sharing to farmers has been made available. Soil tests are required. Farmers desiring to apply for cost-sharing should take a soil sample of the field to be treated or seeded to the county agent's office. Hundreds of acres of grass sod in the county should be renovated and additional seed used. Legumes may be seeded in August and September for counties in the central part of the State, with fairly good results on grass sod fields which before beginning the work in

order to be eligible for ACP cost-sharing. Closing date for the initial sign-up period ends July 31, 1958.

31 Per Cent Of State Families Are On The Farm

LEXINGTON, Ky. — Of Kentucky's 717,535 families, 225,430 — about 31 per cent — live on farms, says the Kentucky Agricultural Extension Service.

Of the total (717,535) there are 208,695 rural non-farm families and 286,410 urban, says Fred Brockman, family living specialist.

Here are some more facts brought out by the statistical survey: Medium age of farm population is 44.5 years; farm families have an average of 4.14 persons; one out of six farm families are considered "broken" (through divorce, widowhood or separation) but one out of four urban families are broken.

Approximately 80 per cent of the farms are owned by the operator; only half the young farm families (under 35 years of age) are farm operators, and one-third of these own their own farms; 75 per cent of the farm operators are 55 years old or more.

More than 40 per cent of Kentucky's farm families have an 8th grade education or less, but 77 per cent of the state's farm population is in this group. About 27 per cent of the total population has received high school training, but only 18 per cent of farm people attended high school; seven per cent of the total population attended college, but only four per cent of the farm adult population.

Females of all age levels average a year more of school than the males. Two out of three adults have an 8th grade education or less, but 77 per cent of the state's farm population is in this group. About 27 per cent of the total population has received high school training, but only 18 per cent of farm people attended high school; seven per cent of the total population attended college, but only four per cent of the farm adult population.

Three counties have a median of 9th grade educational level or higher: 10 have a level of less than 7th grade; while 64 run between the 7th and 8th grades, Brockman said.

ASC Measuring Tobacco, Corn, Bank Acreage

Thirty two-acreage reporters have started visiting Calloway County farms to determine compliance with acreage allotments and Soil Bank agreements and contracts, Eulis Goodwin, Chairman of the County Agricultural Stabilization and Conservation Committee, announced today. Mr. Goodwin asked farmers to assist the reporters when they visit their farms.

"By accompanying the reporter during his visit, and showing him the crop on the farm, the operator can help our reporters do a more thorough and satisfactory job of measuring," the Chairman said.

"After inspection and the necessary measurements are made, farmers will be asked to sign a certificate that they believe the measurements are accurate. Before signing, however, they are urged to review the report carefully to be sure that it is accurate and includes all the acreage."

All farms with tobacco, corn or cotton allotments, Acreage Reserve agreements, and Conservation Reserve contracts will be visited and necessary measurements made in addition, reporters will measure the tobacco acreage on any other farm where tobacco is being grown this year.

Where the farm is not in compliance with the allotment or the Soil Bank agreement, the ASC office will send to the farm operator a notice informing him about the acreage which tobacco must be disposed of before harvest and in the presence of a representative of the County ASC Committee.

HEAT CANCELS WORK BIRMINGHAM, England (UPI) — Twelve hundred workers at a chocolate factory were told to stay home from work today. It was too hot for the chocolate to set.

STOCK YOUR FREEZER WITH FROZEN ASSETS

Insure quality vegetables for your family by freezing or canning the surplus from your garden.

Food in the freezer is like money in the bank... might be needed in times of need. So don't let an over supply of vegetables go to waste. Pick them at their peak ripeness and freeze the surplus for the winter months.

Here are several tips that will insure the success of your freezing. Use garden-fresh, unblemished vegetables. Most vegetables must be scalded before freezing to preserve the flavor and color and to reduce enzyme activity. However, there is one exception. You can freeze them if you cook them first.

Frozen vegetables and fruits stored at 0°F. may be kept between 3 and 4 months. At 5°F. they will last 8 to 10 months and at 10°F. they will keep between 10 and 12 months. By that time, you're sure to have eaten up the entire stock on hand and be freezing a new supply.

Label your packages of vegetables clearly with not only the name but the date stored. When

putting in the freezer, put the older packages already in the freezer on the top to be used first.

It's a good idea to keep a chart on just what you have stored in your freezer in order to be sure and use up the vegetables nearing their storing limit.

Here are several tips on different vegetables. ASPARAGUS: Wash and sort according to size. Cut stalks to fit containers. Avoid woody stalks. Freeze within two hours after picking. Blanch 3 minutes; cool 3 minutes.

GREEN BEANS: Wash, snap off tips and cut into desired pieces. Select small beans, not larger than 1 1/4 inches in diameter. Cut off tops, wash and cook until tender. Cool and pack. Slice or cube and pack. Move outer leaves, wash carefully and blanch 3 to 4 minutes. Discard the peas which float in water as they are too old. Blanch one minute and chill.

SPINACH: Wash, remove tough stems and older leaves. Blanch 1 1/2 to 2 minutes and chill.

Other vegetables which are excellent when frozen are: broccoli, sweet corn, cauliflower and...

Future Homemakers Seek To Make Life Better, Happier

By NETA GALE PAYTON

Being president of the Hazel Chapter of Future Homemakers of America and working on my State Homemaker Degree I feel it is one of my many duties to let my friends know a few things about the organization. In the following lines I will try to explain to you a part of the organization.

Future Homemakers of America is a national organization of girls who study homemaking in junior and senior high schools. It is an incorporated, non-profit youth organization.

FHA members work together for better and happier home life for everyone. Future Homemakers think that helping to make happy homes now and in the future is the most important thing that youth can do for democracy.

The FHA is sponsored in Kentucky by the Division of Home Economics Education of the State Adviser who serves as the Administrative officer of the Kentucky Association of FHA. The office of the State Adviser is in the Home Economics Division of the State Department of Education, Frankfort, Kentucky.

Our organization has eight purposes that we each try to abide by. They are as follows: (1) To promote a growing appreciation of the joys and satisfactions of homemaking. (2) To emphasize the importance of worthy home membership. (3) To encourage democracy in home and community life. (4) To work for good home and family life for all. (5) To promote international good will. (6) To foster the development of creative leadership in home and community life. (7) To provide wholesome individual and group recreation. (8) To further interest in home economics.

Each student that is a member of FHA is requested to learn these purposes and put them into use.

Our motto "Toward New Horizons" is a challenge to FHA members to learn to live better today in order that their lives and homes may be better tomorrow. The emblem of the FHA is eight-sided symbolizing the eight purposes of the organization. It has the name "Future Homemakers of America," and the motto, "Toward New Horizons."

There is a house which represents a home where there is truth, love, security, and faith. This house is supported by two hands symbolizing that the future of America are in the hands of its youth. The rays extending to and from the home suggest the influence the home has on the community and the community has on the home.

The Kentucky association of FHA has an official song. It was written by Eileen Chinn and is called "St. Clair of the Dundee." It was presented at the State meeting in June 1946 by the Owensboro district. It is available to chapters in mimeographed form.

FHA is a great thing for the future homes in America. It helps us to face the future with warm courage and high hope.

Value Of Poultry Manure High

LEXINGTON, Ky. — Usable

facts on the value of poultry manure as fertilizer is contained in a four-page leaflet published recently by the Kentucky Experiment Station poultry department. The mimeographed leaflet is listed as Miscellaneous No. 81 and was prepared by T. H. Johnson of the poultry department, George D. Corder and Harold F. Miller of the agronomy department, and Clyde Singletary of the horticulture department.

Use of 20 per cent superphosphate added to manure will reduce nitrogen loss considerably, the leaflet says.

To assist farmers in various enterprises, the leaflet covers use of poultry manure on such crops as corn, small grains, pasture and hay, burley tobacco, legume-grass sods, vegetable crops (such as sweet corn, beans, cabbage, tomatoes, celery, peppers, cucumbers, melons, squash and many others) and fruit plantings such as apple, peach and cherry trees, grapes, raspberries and strawberries.

Our organization has its own colors which it uses quite frequently. They are Red and White. These colors inspire Future Homemakers of America with courage and determination to succeed. Red, an intense color, suggests strength. White is symbolic of sincerity.

Our flower is the Red Rose which is a favorite flower found in almost every country of the northern hemisphere. Because of its beauty, the rose represents the search of Future Homemakers of America for beauty in everyday living.

Our motto "Toward New Horizons" is a challenge to FHA members to learn to live better today in order that their lives and homes may be better tomorrow. The emblem of the FHA is eight-sided symbolizing the eight purposes of the organization. It has the name "Future Homemakers of America," and the motto, "Toward New Horizons."

There is a house which represents a home where there is truth, love, security, and faith. This house is supported by two hands symbolizing that the future of America are in the hands of its youth. The rays extending to and from the home suggest the influence the home has on the community and the community has on the home.

The Kentucky association of FHA has an official song. It was written by Eileen Chinn and is called "St. Clair of the Dundee." It was presented at the State meeting in June 1946 by the Owensboro district. It is available to chapters in mimeographed form.

FHA is a great thing for the future homes in America. It helps us to face the future with warm courage and high hope.

Notice To The Public

Road blocks for the enforcement of the ordinance pertaining to City Auto Stickers will begin starting July 15.

A fine of \$5.00 will be assessed on violators who are picked up after July 15. This ordinance pertains to City Residents and those who work in the City, but live outside the city.

It is the duty of the City Police to enforce laws passed by the City Council, and it is their intention to do so.

CHARLIE S. MARR, Chief of Police
"JAKE" DUNN, City Police Judge
